A FENCE LIKE NO OTHER!

Making Things Interesting. BY JUNE GUMZ

As I was contemplating what to write about, I looked out into my backyard and saw my fence. My fence is like no other these days. Eight years ago, my family gave me a 70th birthday present of a new back fence. It is sturdy and backs up to a small neighborhood park. Year after year I have tried to think of a way to make it more interesting than a bunch of straight boards which provide a highway for local squirrels.

June Gumz, editor

I have a brother who worked in theater for years and is creative. He heard my concern and said he could come up with "something" to make it special. One day he came over with a tape measure and checked distances between the tree and the raspberries and the raspberries and the sun flowers. Never a word about what he had in mind. To keep up the suspense, I chose not to ask for particulars. Major trust.

A few weeks after measuring day he appeared with two assistants to help with the installation of the framed pieces of art. The framed works were hung with heavy duty screws at odd angles. Steve said there was a theme and everyone who sees the fence needs to try to discern what he had in mind. It isn't easy coming up with a connection between sunglasses, mirror, industrial mask, stop sign, door with locks, etc.

The fence decoration is definitely strange, but it makes me happy every time I look out in the back yard. Oh, and the theme is Fences and Barriers. The first framed piece is a bunch of sticks in a row and is a selfie of the fence!

June's brother, Steve, with a background in theater, transformed her backyard fence into a unique piece of "art." Can you guess the theme?

MESSAGE BY REV. LARRY KING
BACK ON THE BUS

It's fun to see kids waiting for the school bus on that first day back. They laugh, joke, talk about their summer vacation and are filled with anticipation. They're ready to open a new chapter in their lives with new classes, new teachers, new activities and new friends. They will take on a little more responsibility than last year and are willing to seize some new opportunities.

What if I said, "Back to School is not just for kids?"

Energetically, autumn is the auspicious time to prepare for and to try new things. It's the perfect time to take a class, make new friends or investigate career changes. Has your business updated its long-range plan, lately? Have you thought of upgrading your skills? Is it time to try a new exercise program?

Here at the Center for Spiritual Living we plan to provide you with the spiritual tools for moving forward.

Sundays in September we'll be using Jack Kornfield's book "After the Ecstasy, the Laundry" as inspiration for bringing an enlightened attitude to everyday living. In October we'll be learning spiritual tools for increasing our ability to live an abundant life. For inspiration, we'll have May McCarthy's book, "The Path to Wealth."

Connection Circles start this fall, so you'll have a chance to go deeper into the Sunday message in a nurturing small group. It's a great opportunity for spiritual growth and for connecting with other people.

We're also offering two Science of Mind classes this fall. I'll be teaching *Foundations*, a beginning (or refresher) class. It covers all the basic spiritual principles of the Science of Mind. You'll get a better sense of how to use spiritual tools, develop a spiritual practice and how to change your thinking about God, life and yourself.

If you've already taken *Foundations*, Kate Barrett, RScP, will be teaching *Practical Mysticism*. It's a course designed to explore the mystical side of spirituality. You'll learn about strengthening your connection to a higher power and how we're all called to a path of spiritual evolution.

We also have a variety of workshops and special events planned to keep you interested. No matter how you look at it, this fall will provide everything you need for a fresh start. You don't need a back-to-school wardrobe, fresh notebooks or Elmer's glue. What you do need is a decision to try something new and a willingness to step forward—to get on that bus!

PCSL'S EDUCATION SERVICE:

A Spiritual Journey to Change Your Thinking and Transform Your Life BY MARILYN SPRAGUE, RSCP

During announcements each Sunday morning we hear: "We are a Science of Mind Community that teaches spiritual principles to transform your life and make the world a better place. Wherever you are on your spiritual journey, you are welcome here. All we ask is that you stay open to the possibility of changing your entire life, simply by changing your mind."

Changing our entire life, simply by changing our mind is a succinct statement, yet this spiritual journey is one that moves us from fear, to courage, to joy. This transformational process requires us to be willing to release and let go of worn out ways of thinking and behaving (fear). It requires a willingness to trust Spirit as our Divine Guide and Counselor (courage). And, it is a promise to embrace our Divine Inheritance, to accept our authentic Self (Joy). PCSL's Education Department is your spiritual support as you choose to travel this liberating journey.

IT REQUIRES A
WILLINGNESS TO
TRUST SPIRIT AS
OUR DIVINE GUIDE
AND COUNSELOR.

Throughout the year, the Education Department offers CSL Certificated Classes, customized workshops and the two-year Practitioner Studies Program. These education offerings are designed to assist in developing a deeper understanding of Science of Mind teachings, to enhance your Sunday experience, and to provide support on your spiritual journey. Six CSL Certificated Classes, from five categories, are required for individuals choosing to apply for the two-year Practitioner Studies Program. Education offerings are posted on PCSL's website calendar at www.PCSL.us

This Fall, PCSL is offering two CSL Certificated Classes and three customized workshops to support the Fall 2017 Connection Circles Program.

CSL Certificated Class Offerings, offered weeks of Sept. 11–Nov. 26, include:

- *Foundations*, (11 weeks) taught by Reverend Larry King
- *Practical Mysticism* (10 weeks) taught by Kate Barrett, RScP

The Fall 2017 Connection Circles Workshop Offerings include:

- *Abundance Is: Spiritual Steps Along the Path to Wealth*, by Marilyn Sprague, RScP
- *Treasure Mapping*, taught by Reverend Larry King
- *Rising Above: Eliminating Negative Self-Talk*, taught by Marci Beck, RScP

Connection Circles workshop schedule, individual workshop informational flyers, and sign-up sheets are available on the Connection Circles information table.

PCSL's Education Service is here to be your partner and support as you transform your life, one step at a time on the journey from fear, to courage, to joy. We look forward to partnering with you this Fall.

PCSL'S EDUCATION SERVICE:

Is Mysticism Practical in the 21st Century? BY KATE BARRETT, RSCP

Do you think that mysticism is mysterious, un-understandable? Do you think that it was only practiced in times gone by? Nothing could be further from the truth. Mysticism is alive and doing good work right now in this spiritual community. Science of Mind teaches that by changing our thinking, we change our lives. Every day is a new opportunity to think thoughts that lift up our ideas about God, about ourselves and about our relationship to each other.

THE SIMPLE TRUTH
OF MYSTICISM IS
THAT IT TEACHES
US TO THINK
WITH THE MIND
OF GOD, A MIND
THAT KNOWS NO
SIN, SICKNESS OR
DEATH. THE MIND
OF GOD KNOWS
ONLY DIVINE
TRUTH, RADIANT
HEALTH AND
ETERNAL LIFE.

Ernest Holmes says that thoughts are "things" before they have become visible. In the daily practice of Science of Mind, we think thoughts of "good things and good conditions." The Law of the Word carries our faith into quick and satisfying action. When we see good, we are powerful. The simple truth of mysticism is that it teaches us to think with the Mind of God, a Mind that knows no sin, sickness or death. The Mind of God knows only Divine Truth, Radiant Health and Eternal Life. The practice of mysticism opens our eyes, our ears and our mouths so that we see, hear and speak from this perspective.

If you are interested in sharpening your spiritual focus, if you want to be a spiritual channel for creating a world that works for each and for all, please join me in exploring a path of Practical Mysticism that allows you to be grounded and comfortable with being "in the world, but not of it." It takes time to cultivate your mystical consciousness. We will practice together to arrive at our own individual expression of the One Life, the One Power. We will study the words and ideas of other mystics, but this is a path of spiritual expression that is unique for each one of us. It is a path that opens our minds, our hearts and our bodies to our own individual awareness of the ONE. We will listen and hear the words that lift up and heal. Mysticism is the way to rise up from Seeking the Truth to becoming a Knower of Truth. A 10-week class will be starting on Thursday, September 21, 2017, at 6:30 pm. I look forward to practicing mysticism with you.

Kate Barrett, RSCP

BOARD UPDATE BY JANINE STEWART, VICE PRESIDENT

Your Board has been busy all summer including a weekend retreat in late June. Following is a snapshot of what has been going on in the last two months.

We continue to support expansion to a new building with visioning and prayer support at each board meeting. The Expansion Team lost a bit of momentum when its leader, Ann Forest-Burns, transitioned off the board. Doreen Marchetti has stepped up to lead this important team and the newly energized team will hit the ground running in September.

As Rev. Larry shared at the last Town Hall meeting, we had been looking for a new lending institution to refinance our mortgage. Diane Thomas located Riverview Bank in Vancouver. Diane and Rev. Larry had a very favorable response to all communication with this lender. We were able to refinance the entire \$370,000 without the need for a guarantor and no prepayment penalties. And, our monthly mortgage payment was reduced in the bargain.

PCSL community building was in full swing over the summer with a very successful Community Picnic, Divine Dining, and Community Retreat. Community outreach also continues to involve many of our members.

The board voted to approve Rev. Larry's participation in an interfaith community alliance. If our community partners experience the results of hate crimes at their houses of worship, Rev. Larry, as our representative, will be notified and he will let us know how our membership can help.

We are supporting the Portland AIDs walk, the Susan G Koman Breast Cancer Walk, and MLK Jr. Run/Walk. In addition to showing up to run/walk in these events, PCSL is also a sponsor for the MLK Jr. Run/Walk in that we make a financial gift of \$1,500. This money goes to support the Young Entrepreneur program led by the NNEBA (North Northeast Business Assoc.).

We look forward to continuing to share in the life of our community.
